

HIGHLIGHTS OF THE ESDRA BOARD MEETING
April 25-26 2009
Dintikon, Switzerland

2010 Snow E.C.: Poland, date is under negotiation

2010 Off-Snow E.C.: No candidates; interested organizers please contact Sports Director

EUROPACUPS: some results lists missing or in incorrect format; results still being calculated. Final lists to be published ASAP.

Anti-doping Committee: Development under way; new regulations under IFSS rules to be approved at ESDRA Congress; educational program is under construction.

Race rules and procedures: IFSS has published a set of International Race Rules for sleddog sports; very similar to ESDRA Regulations part II. The Sports Committee has integrated the IFSS document into the ESDRA regulations, with approval from the Board. This change will soon be available on www.esdra.net

International Judges: a common list of international race judges is under construction by IFSS, from the IFSSS, ESDRA and WSA lists.

Financial status: Finances are well under control and even more positive than expected in the 2008/09 budget. Expenses were reduced due to fewer administrative activities and more focus on sports activities.

Congress Preparation: Motions were examined. The Board will present motions for reorganizing the ESDRA administration for greater flexibility and cost-effectiveness. Congress Agenda and Package will be sent out very soon. Members are reminded to make their hotel reservations and indicate their participation to the Vice President ASAP.
